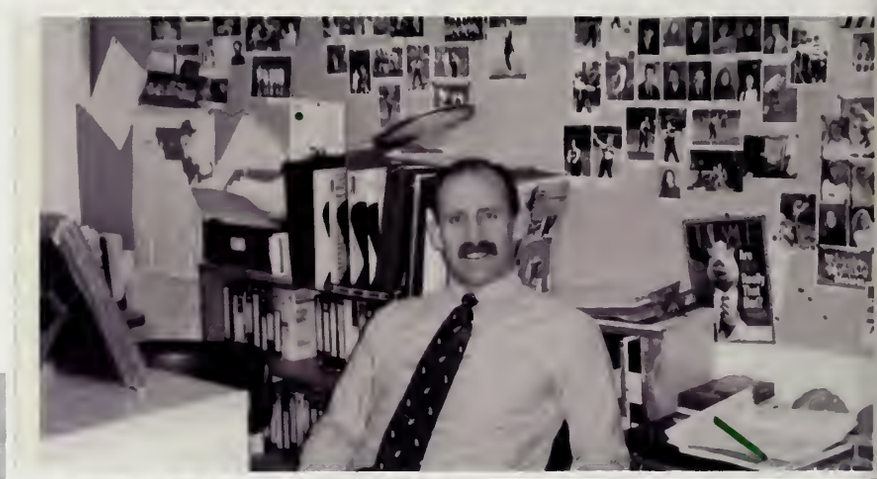
# Dedication - Dr. Michael Gill

Aristotle said that "those who educate children well are more to be honored than they who produce them; for these only gave them life, those the art of living well". Over your 35 year career in education you have been a trusted advisor, role model and leader who has encouraged and empowered students to reach their full potential. For 33 of those years you have touched the lives of the students and families of Cohasset by sharing your gifts of teaching, mentoring and guidance. So it is with enduring appreciation that we, the Class of 2012, dedicate our yearbook to you, Dr. Gill!



# Dedication - Brian Marks

Education is a word which means more than the basic fundamentals; it is the ability to gain new insights about yourself as well as those around you. This knowledge, however, cannot be attained from a book, but rather from a kind and caring person. You have been an inspiration to us not only as a teacher, but as an individual due to your constant devotion. Because you have been helpful, kind, interested, and above all encouraging, we, the Class of 2012 with love and appreciation dedicate our yearbook to you, Mr. Marks!

# Boys' Soccer

The 2011 season was an exciting one. Following a 2010 team that had been the most successful since 1989, the 2011 team started members of all 4 classes including 3 freshmen.Led by senior captains Jamie Timothy and Jonah Adkins (league MVP and 2-yr All-State team member) the boys finished 2nd in the league with a record of 10-6-4. The season ended with a thrilling 2-1 OT loss to Old Rochester in the 2nd round of the state tournament. Coach Willis: "This team did a fantastic job gelling as a group and competing in every game they played. They won a lot of games, and had a very good chance to win every single match this year."

# Field Hockey

At the start of the 2011 season the team showed promise, but none of us could have imagined that we would end up with the best FH record in school history. We finished in 2nd place in the SSL behind Harwich, but seeded 1 place better at the 6th seed, giving us home field when we got to the state tournament semi-finals against Harwich. We won the quarter-finals on a goal by Angela in double OT against Bishop Stang. We beat Harwich in the semi-finals 1-0 on a penalty shot by Caitlin to advance to the South Sectional Finals against Canton. Our season ended here with a trophy as finalists. Regular season 14-1-3 ~ Overall 17-2-3

## Feature Musician: Chase Baldwin

*By: Julia Canney*

This issue's Musician of the Month highlights one of CHS's very own musical legends. Chase Baldwin, also know as "Half Man-Half Amazing", has been playing drums for as long as he can remember. A member of the Concert Band, the Jazz Band, and the leader of Jazz Combo, Chase certainly is a deep disciple of the drums, no matter the style. Chase was most recently featured in last year's exhausting jazz number "Sing Sing Sing", where he performed an incredible 16 measure solo to much applause.

A section leader for percussion in Concert Band, as well as an overall leader, Chase is an irreplaceable member of the band. Fellow jazz band member Nate Morse says, "Chase always knows which beats will sound good with the melodies of our songs." Chase has auditioned for many state music festivals, including SEMSBA and Jr. SEMSBA. Chase hopes to continue his musical education beyond the walls of CHS as a jazz studies major in college. Luckily, we'll be able to hear his talents a few more times this year before he leaves, especially at the annual Jazz Night in the spring.

## Debate Team

*By: Morgan McCarthy*

The resolve for this year's debate topic is whether the United States federal government should increase federal development/exploration of earth beyond the mesosphere. This in other words means that the affirmative team must argue that the U.S. should support exploration into space. The negative team must find arguments in the affirmative and win any one of the stock issues of topicality, solvency, inherency, need for change, advantages/disadvantages. For topicality, the affirmative team must argue that their plan fits the resolved for the year. So, if one team says they are going to start a private company and raise funds for space exploration, it would not be topical because in this plan it is not the U.S. federal government that is further exploring/developing space. Solvency means that the affirmative team's plan fits the need for change. In other words, if the need for change is that we need to search for alternate sources of energy in space because we are running out on earth, then the solvency is that our plan of putting solar panels in space would solve the need for change. Inherency means that there is some existing attitude or government law that is currently prohibiting your plan from being carried out. For example, if you wanted to increase the number of space shuttles, for your inherent barrier you may want to argue that the current administration is setting laws against any space shuttle expansion because of the cancellation of the *Orion* and *Constellation* plans. The last stock issue is that the advantages of the plan must outweigh any disadvantages of the plan. This means that if you want to create nuclear rockets to send into space, the benefits of having this type of rocket must outweigh the fact that nuclear reactors have proven to be unstable in the recent actions in Japan. The debate team is relieved this year because the stock issue of workability has been removed. In the past this was always a weak point for affirmative teams because the negative team could argue, "this is just simply not possible", and try to win the debate by saying "there is not enough money in the current budget."

Overall the debate team is off to a pretty good start and is looking forward to our next debate January 4th. If you want to be a spectator for any of the debates, you are welcome to come, and if you are above the age of 18 and want to be a judge, also let us know. There are about thirty-two members on the team and they are led by Mr. Fish and Mr. McCabe who act as coordinators for the league and judges for individual debates.

# 10 Signs of Senioritis

***By: Jen Mullin***

Senioritis - A virus that most seniors tend to catch second semester that shows lack of motivation towards school.

You know you have senioritis when . . .

1. You wake up at 7:10 each morning.
2. You leave your backpack in the car from 2:00 p.m. till 7:30 a.m.
3. You dress like a scrub everyday.
4. Your schedule consists of three elective classes in a row.
5. You skip first period to go out to breakfast.
6. You have a countdown until school is out.
7. You don't mind being called to the office because it gets you out of class.
8. You go to the nurse's so you can sleep through a class.
9. You still haven't gotten your yearbook write-up in.
10. You spend most of your time in guidance talking to Ms. Creighton.

The only cure for senioritis is to graduate! May 24th seniors! You wish you were ONE, TOO!

# Wrestler Achieves Milestone

***By: Caitlin DeAngelis***

Nothing is more uncommon, valued, and coveted by all serious wrestlers than reaching that one hundredth win. At the start of the season, wrestlers pull out their schedules, counting down the matches until they can hopefully acquire the desired title. But most wrestlers will never accomplish this feat of breaking the barrier into triple digits. Getting your one hundredth win is not only an exceptional achievement, but it is a milestone desired by all serious high school wrestlers and respected by wrestling fans. This past January, such a milestone was reached by Cohasset's very own Gus Helbock in one of the many matches held at a tournament which the Skippers hosted. It was without a doubt a challenging match, but Gus walked off the mats victorious and into a horde of ecstatic teammates waiting to congratulate him. "We like to call him the silent assassin," fellow teammate and senior, Chris Brash commented, "and you have to have a lot of heart and determination to reach such a milestone at our age." Teammate, Derek Froio, mirrored Brash's reverence saying, "nobody works harder or is more dedicated than Gus. He really deserves the recognition and honor for his accomplishment." Even students outside the wrestling team have given Gus their utmost respect: "Gus is more than a student athlete", explained class president, Kyrel Jaundoo, "he has countless accomplishments and this last one will hang his name in our gymnasium where he can officially be honored." The Skipper community has been more than supportive of Gus and his feat. Congratulations!

"There is a road, no simple highway, between the dawn and the dark of night. And if you go, no one may follow. That path is for your steps alone" . . . . blaze a path!

Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice, and most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary.

My Dearest Michaela, Looking through the photos to find the right one for this book is a bittersweet experience; bitter since it reminds me that the daily sharing of your life here at home are the chapters of your life that are now past – sweet since the photos remind me of your indomitable spirit, which will serve you well as the rest of your adventures unfold. You are about to embark on the most exciting chapter of your life ... so much happiness, goodness and joy await you, but as Cat Stephens says, "...oo baby baby it's a wild world...there's a lot of bad out there..." ... so be strong, be careful. Remember the bike ride to Hull and around Block Island and have faith in yourself that there is nothing you cannot overcome and conquer when you put your mind to it. There is no measure to how much joy you have brought to my life – "....I'll love you forever, I'll like you for always, as long as I'm living my baby you'll be..." God Bless you on your life journey. Love Mom

Now get center stage; Act Two is about to begin.
Break a leg!
We love you! Mom, Dad, and Amanda

**Stephanie,**

We are so proud of you.

***Congratulations!***

Love,

Mom, Dad, Christopher,
Kyle & Bailey Jeter

**Congratulations Charlie!**

**Love Always,**

**Mom, Dad and Callie**

# Congratulations Jamie!

You will always be our superstar!

You are off for a great adventure but remember . . .
"Keep your head up when you pass the puck!"

Love & Pride everyday,
Mom, Dad, Scott, Ashley, and Corbin

# Moo Moo....Life is a ride....

Some rides are cool

Some rides have their ups and downs

Some are scary

Some are alone

Some are with people you love

So just relax and enjoy the ride!

We love you,
Mom, Dad, Taryn and Jack

# Whitney and Eloise

To seven years of friendship, adventures and promises of more to come.
Love, your families

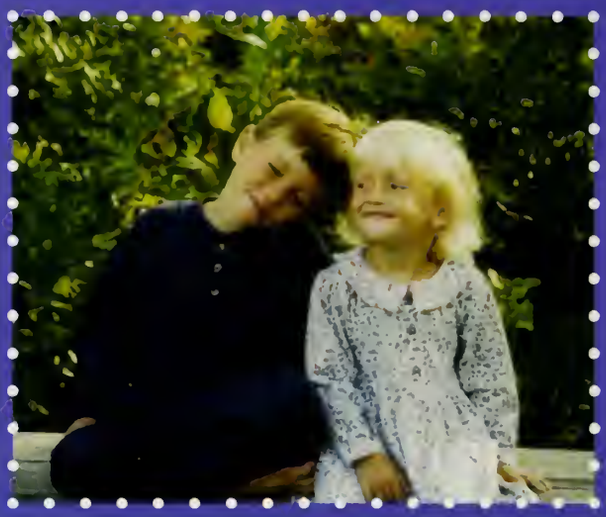
You don't raise heroes,
You raise sons. And if you
treat them like sons, they
turn out to be heroes; even
if it's just in your own eyes.

Ben, we're so proud of you!

Dad, Mom and Jennie

# Sage

You are a beautiful and special person inside and out



We are so proud of you and all your accomplishments
"We love you"
Mom, Dad & Chase

Sarah, you will always be our little princess! Never give up on your dreams!

"For I know well the plans I have in mind for you, says the LORD, plans for your welfare, not for woe! plans to give you a future full of hope."

We love you very much Sarah!
Mom, Dad,
Sean, Katherine
& Conor

Erika,

Enjoy the ride!!
Be true to who you are!!
You're amazing
just the way you are!!
We are so very proud of you!!

We love you THIS BIG forever & always,
Love, Mom, Dad & Orea
